Education and Qualifications

2022-present	Pamantasan ng Lungsod ng San Pablo San Pablo City, Laguna, Philippines	Bachelor of Science in Information Technology Major in Software Development
--------------	--	--

Projects

May 2026 – Present	Electronic Business Permits and Licensing System (eBPLS) <i>Full Stack Developer</i>	Laguna, Philippines
	- Designed and developed a role-based Electronic Business Permits and Licensing System (eBPLS) for business application processing, verification workflows, fee assessments, and permit generation. - Built full-stack web application modules using React.js, Node.js, Express.js, PostgreSQL, Supabase, and Zustand. - Implemented REST APIs, JWT authentication, RBAC middleware, secure document uploads, audit logging, and workflow state-machine validation. - Integrated PayMongo online payment processing with webhook-based payment confirmation alongside OTC payment workflows.	
April 2026 – Present	Hanap Medisina Offline <i>Full-Stack & AI Mobile Application Project</i>	Laguna, Philippines
	- Developed a fully offline React Native mobile application for identifying Philippine medicinal plants using an on-device TensorFlow Lite (TFLite) model. - Implemented offline-first architecture with local JSON databases, Zustand state management, AsyncStorage persistence, and embedded educational plant content. - Integrated mobile camera scanning and real-time AI inference using react-native-vision-camera and react-native-fast-tflite. - Designed scalable application architecture using Expo Router, modular service layers, reusable UI components, and local data management systems.	

Technical Skills

Programming:	JavaScript, TypeScript, React.js, Express.js, Node.js, SQL
Tools & Technologies:	Git, GitHub, REST APIs, Postman, VS Code, AI Tools

Additional Information

Interests:	Artificial Intelligence, AI Automation, Web Development, UI/UX Design, Software Engineering, Language Technologies
Achievements:	- Developed multiple full stack web applications using modern JavaScript technologies. 2024 Code Wars champion in our school 2025 ICT Month Quiz Bee champion in our school - Completed independent learning projects focused on AI systems, APIs, and automation tools. - Maintained active software development projects through GitHub and self-directed technical study.
Nationality:	Filipino
Languages:	English(Fluent), Filipino(Native)
